THE ROCK

Pass the Money: The Rock — \$5 bill, starting in John's pocket at R2 hole 1, stolen by any net birdie, every three-putt adding a dollar to the pot. Whoever holds it after R6 hole 18 keeps the bill and the pot.

Round	Hole	Took it	How
R2	9	TJ	took it from John with a net birdie
R3	5	Mike	took it from TJ with a net birdie
R5	5	TJ	took it from Mike with a net birdie
R5	8	John	took it from TJ with a net birdie
R5	13	Brian	took it from John with a net birdie
R6	15	John	took it from Brian with a net birdie

The bill changed hands 6 times and finished where it started, with John. Nobody actually called the game on this trip, so it stays off the ledger — turning it on would move \$5 plus the pot.

The money

Golf and off-course costs together — what a man actually owed at the end of the week. The ledger nets to \$0 to the cent.

SETTLE UP

- TJ → John **\$8.75**
- Mike → TJ **\$20.25**
- Mike → John **\$15**
- Brian → John **\$8.25** (\$25 owed, less \$16.75 already in the poker pot)

CARTS AND PAIRINGS

John + TJ · Brian + Mike

First team round. John and TJ are paired here by request — they ride and partner together at Ballyowen (and again at Crystal Springs in R4). The split stays balanced despite the fixed pairing: John (13, low) + TJ (23, high) at 36 combined face Brian (18) + Mike (23) at 41 — a raw gap of just 5 that the 90% four-ball allowance and best-ball scoring tighten further. Carts follow the teams so partners can strategize between shots.

CARTS AND PAIRINGS

John + Brian • TJ + Mike

Wolf is an individual game — the Wolf rotates partners hole by hole, so there are no fixed teams. Carts rotate the riding partners: John + Brian and TJ + Mike are the pairing NOT used as R2 carts, so after two rounds every player has ridden with two different people. The Wolf order (TJ, Mike, Brian, John) is unaffected by cart assignment.

Same teams as R2 — John (17) + TJ (28) vs Brian (22) + Mike (28) — keeping John and TJ partnered by request. Pairing the lowest with a highest on each side (45 vs 50 combined) stays balanced for aggregate Stableford, where both partners' points count. Carts follow the teams (John + TJ, Brian + Mike); the two pairs that haven't shared a cart yet (John + Mike, Brian + TJ) ride together in R5, completing the rotation by the end of Thursday.

CARTS AND PAIRINGS

John + Mike • Brian + TJ

R5 is an individual round — full-18 Bingo-Bango-Bongo plus round-robin 1v1 match play, so every player faces every other player head-to-head (all six 1v1 matches). Combined with the R2 and R4 team-round match-ups, this evens out the opponent matrix. Carts (John + Mike, Brian + TJ) keep the rotation flat — by the end of Thursday every player has still ridden with all three of the others at least once.

CARTS AND PAIRINGS

John + TJ · Brian + Mike

Championship singles are seeded off the standings after R5 (1v2 for the Cup, 3v4 for the Bronze), so match opponents are only known on Friday morning. Carts (John + TJ, Brian + Mike) put John and TJ together one last time to close out the trip — their fourth ride together (R1, R2, R4, R6) at the request to keep them paired as much as possible. Every player has still shared a cart with each of the other three at least once by the end of R5, so cart coverage is complete regardless of the seeded matches. If the seeded matches differ from these carts, the higher seed's group rides together; the fairness matrix treats R6 opponents as seeded/TBD.
